

In VERSILIA 20 km of wide, perfectly prepared and safe beaches await you, in an extension comparable to very few other areas of the world. An eldorado of fine grains, shells and bathing establishments equipped (there are more than 400) alternating with some free beach.

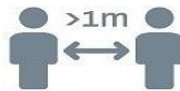

Do not forget: from Versilia you can move to the free and wild beach of the NATURAL PARK OF MIGLIARINO SAN ROSSORE.

The following safety measures shall be taken at bathing establishments:

- Areas of access to establishments organised in such a way as to ensure distance.
- Daily sanitation of bathing equipment and access areas.
- Possibility of booking and purchase of the daily or weekly subscription of the bathing establishment directly in the hotel.

Safe holiday: we all do our part!

In recent times we have learned to live a new daily life, more aware and more responsible towards others. To spend a pleasant holiday just a few simple tricks.

- We keep a distance of at least 1 meter from other people
- We greet with warmth but without kisses, hugs or handshakes
- We wear the **mask** when it is not possible to maintain the minimum distance of one meter

- The **mask** is however **mandatory** on the following occasions:
- In the area of access to bathing establishments
- Access to restaurants, shops and commercial activities in general
- On public transport

It is good practice to wash and/or disinfect your hands regularly with the disinfectant dispensers available in accommodation, bathing and commercial facilities.
